

Kiosk

Firefox

- about: config **print.always_print_silent** Boolean true
- install R-kiosk plugin

Chrome

Create a shortcut with command line options

```
"C:\Program Files (x86)\Google\Chrome\Application\chrome.exe" " --user-data-dir=c:\Users\Public --kiosk --kiosk-printing http://demo.dreamapps.com
```

You may not need to have the user-data-dir option.

Internet Explorer

- Use command line option -k
- For directly printing without dialog box you need to use a script like in POS receipt printing.

All Browsers

A new script in html/scripts that will work for all browsers is under test.
